

G. O. P. SENATORS AGREE TO BREAK UP DIRECT PRIMARY

Governor and Bosses Demand
Repeal—Up-State Progressives
to Fight.

BILL NOT YET DRAWN.

But Conference Puts Majority
on Record—Port Treaty
Bill to Go Through.

(Special From a Staff Correspondent
of The Evening World.)

ALBANY, March 22.—At a conference of Republican Senators, which lasted until early this morning, it was decided to put through a modified repeal of the Direct Primary Law, in accordance with the party platform of Saratoga last July.

No bill was before the conference, and, according to Majority Leader Lusk, the sense of the meeting, rather than the vote, was to the effect that the convention system was favored as regards State officers and the judiciary down to and including the Supreme Court.

With regard to all other candidates the Direct Primary Law will stand. This means that United States Senators, Congressmen, State Senators and Assemblymen will be nominated as at present.

There was no roll call on the proposition. The Senators present assenting to it by a rising vote.

The action of the conference will precipitate one of the bitterest fights of the session. Notwithstanding the project to repeal the Direct Primary Law was hatched in Saratoga and put into the party platform, there are many up-staters opposed to any change in the present method of nominating candidates.

Senator Davenport made a fight against the repeal in the conference, but was turned down. Gov. Miller wants the partial repeal and the Republican bosses want it, and, judging by past performances in the present Legislature, whatever Gov. Miller wants he will get.

The conference also determined on the passage of the motor vehicle measure, as it now stands. The bill increases the license and registration fees on all automobiles from 50 to 100 per cent.

It was also decided to pass the Port Development Treaty as it stands.

Fell 23 Stories Down Shaft.
Pasquale Belmont of No. 1695 East 65th Street, Flatbush, a workman employed in the construction of a new building at No. 67 Wall Street, stepped from an elevator at the twenty-third floor to-day, missed the flooring and fell to the basement. His body was taken to the Old Slip Station.

WARSAW REJOICES OVER PLEBISCITE

First Incomplete Returns Cause
Celebrations in Polish
Capital.

WARSAW, March 21 (Associated Press).—Optimistic news from the plebiscite districts in Upper Silesia to-night was received by cheering thousands gathered in an open air meeting here. The celebrators improvised an altar at which prayers were offered for the territory they believed had been regained for Poland after a separation of more than six hundred years.

The meeting was called by enthusiasts among the population, despite the fact that the late editions of the newspapers showed the returns upon which the rejoicing was based were unofficial and incomplete. The meeting was attended by members of the Government and representatives of the Diet, the army and the clergy.

The plebiscite news caused the biggest jump in months for the Polish mark, the quotation moving from 860 to 650 for the dollar.

His Overalls Saved Him

ON the narrow trestle—without time to think, or space to stand—he jumped—facing another death almost as certain as the incoming train.

But he never landed—and the train thundered by, leaving him unhurt. His overalls had caught on a projecting spike and did not tear. He drew himself back to the tracks unhurt.
